Another discussion was held about the abolishment of wards in the borough. Mayor Slenker relayed to those in attendance that the discussion has been going on now for months, had a public meeting at John Wright's River Room and "no one has said that they are for it" adding "where are the people who are okay with ward abolishment."

Councilman White relayed to those in attendance that the abolishment of wards was first discussed in August 2021 and then again in May, June and July of 2024. Councilman White noted that it has already been noted in previous conversations and power point presentation presented at a previous meeting that there are 36 boroughs in York County with a total of 34 boroughs having an at will voting system- election at large system. Councilman White noted that only Hanover and Wrightsville Borough have an election by ward system. Councilman White read Mayor Slenker's reasons for vetoing the ordinance aloud to those in attendance:

Sept 8, 2024.

Ordinance 2024-4:

To the Wrightsville Borough Council.
The reasons why I elected to veto the ordinance to abolish wards.
1) The majority of voters were against it. They showed up and voiced their opinion as well as signed petitions. I heard only 2 voters speak at beginning of meeting for it. I also had 1 voter pm me about it.

2) There was another option to reapportion the wards but was not pushed or discussed. This way there would be no cost to taxpayers.

Mayor Tayne Michelle Slenker
Wrightsville Borough

After reading Mayor Slenker's reasoning for vetoing, Councilman White noted that during the public meeting of approximately 100 attendees only 11 individuals spoke noting that they are not in favor of an election at large voting system. Councilman White said that this is not the majority of the voters in town. Councilman White referenced the petition that has 123 signatures which reflects 5% of the town, again not a majority.

Councilman White noted that reason number 2 for vetoing is not a true statement, and it would cost to reapportion the wards in the borough.

Councilman White noted that one ulterior motive for reapportioning the wards may be gerrymandering.

Councilman White asked Councilwomen Barrett and Ferrari as to why their presentation was titled "Whack-a-mole"? No discussion was held.

Councilman White asked Councilwomen Barrett and Ferrari have they talked with the affected voters that would have their polling location changed as a result of reapportioning the wards. No further discussion or comments were made.

Councilman White said, "What would be the problem with making this change?" If the change is made, everybody can vote for everybody and keep the same polling location.

Following Councilman Whites comments public comment from some meeting attendees began. One attendee noted that having local representation close to where we live is important to us to have our values represented.

Mel McDonald: Listen to what the town wants. Not one person wants this.

Council President Giandalia stated, "I think the whole town should be able to vote for who they anyone they want not who lives in their ward."

Fred Smith: The closer to government the people are, the better for the town.

Randee Scritchfield: There is a small amount of people who want to be on council, if the wards are eliminated there would be a greater chance to find representation to fulfill council seats.

Jan Renga: Okay with ward abolishment.

Councilwoman Barrett relayed to those in attendance that the ulterior motive claim to gerrymander is disgusting, pathetic and insulting. Councilwoman Barrett noted that she wants a collaborative process.

Councilman White asked if Councilwoman Barrett if the 34 other boroughs are wrong for having election at large voting. Councilwoman Barrett replied, "I don't think the town is concerned with that."

Councilwoman Ferrari also relayed to those in attendance that gerrymandering comment is insulting and hilarious. The residents are largely in favor of not abolishing the wards and there is no guarantee that the 3 polling locations will remain the same.

Council President Giandalia called for a roll call vote to approve Ordinance 2024-4, an Ordinance of the Borough of Wrightsville, York County, Pennsylvania, abolishing all wards within the Borough in accordance with section 601 (A)(6) of the Pennsylvania Borough Code.

Roll call vote:

Councilwoman Barrett – yea

Councilman White – nay

VP Lyle – yea

President Giandalia- nay

Councilwoman Ferrari – nay

Vote passed with a 4-2 vote.

Mayor Slenker announced she will veto the ordinance again.
